

Unit Leader Training Summary

This report summarizes adult leader training for a scout unit. The information in this report draws on three sources:

- **TRAINING COMPLETED REPORT:** list of the training courses taken that are required for the leader's position
- **TRAINING NOT COMPLETED REPORT:** list of the training course still needed for the leader's position (most useful)
- **Unit Roster:** indicates leaders with Trained=Y

The table (on the right) lists the codes for the corresponding leader training courses.

Q: Why don't the training completed and training needed columns balance? It appears that some leaders aren't required to take some courses, while others have trained (T) shown with few courses listed.

A: Over the years, adult leader training requirements and courses have changed. Where leaders are indicated as trained (T) without some corresponding courses listed, it's because they completed their training with previous (no longer offered) courses. This reason also applies for partially trained leaders who appear to be missing courses from the completed and needed columns of the summary.

Q: What is the purpose of this report?

A: This report provides unit leaders and unit commissioners with an important tool for that purpose. Also, this report is intended

directly to aid units with complete the trained direct contact leader percentage (requirement 1) for the Centennial Quality Unit award.
